PORTUGAL LONG STAY

SOLD OUT

Albufeira is the largest and most energetic of all the resort towns that line southern Portugal's beautiful Algarve coastline. Albufeira provides stunning beaches, a glorious climate, a vast selection of restaurants and a buzzing nightlife. There is so much to love about Albufeira – this once peaceful fishing village has transformed into the Algarve's most popular holiday destination. Within the charming and historic streets of the "Old Town" there are over 100 different restaurants and bars, while the nightlife scene is vibrant and social. From your resort you can book many interesting day trips, including to the historic and cultural towns of Silves, Faro & Loulé. More leisurely activities could include a boat tour that departs from the marina – these tours range from deep sea fishing, coastal tours and dolphin watching. The Old Town is the historic centre of Albufeira and is a series of traditional Portuguese streets and plazas, filled with restaurants and shops. If you love to golf, Albufeira can't be beaten, with world-class courses and facilities. Please be advised that while this tour offers a leisurely pace, the Albufeira region of Portugal is known for its hilly uneven terrain and cobblestone streets. These factors may make navigation difficult for individuals with mobility issues or those who rely on mobility aids such as wheelchairs, walkers, or canes. Additionally, getting to town for groceries or dinner may require walking or taking a taxi. As the property is vast, depending on the location of your room, you may need to walk a bit to reach the beach or the pool. Therefore, we would not advise this long-stay for those with any mobility constraints.

Assistance Requirement:

If you are unable to navigate independently, it is imperative that you have a companion accompanying you to provide assistance. The tour director's availability to offer personal assistance is limited as their primary focus is to support the entire group. Lakeshore/Cardinal does not provide personal equipment (e.g., wheelchairs, hearing aids, prescription eyeglasses) nor do we offer personal care services (such as assistance eating, using the restroom, or dressing themselves). Travellers in need of personal care services (including dining, restroom needs, or getting dressed) are required to bring a companion to assist and should be aware that fellow travellers, travel directors, and Lakeshore/Cardinal staff are not available to provide such aid.

Luggage Handling:

All tour participants are expected to manage their own luggage throughout the journey when luggage handling is not included. Please pack according to your limitations.

Challenges and Limitations:

Please be aware that certain tours may involve considerable walking and could pose challenges to travellers with disabilities or mobility constraints. Many historic sites are accessible solely on foot and may feature stairs or hilly terrain.

Full Disclosure of Disabilities:

To ensure your safety and a fulfilling tour experience, it is mandatory to disclose any physical limitations or cognitive disabilities to your booking agents before confirming your tour reservation. This step enables Lakeshore/ Cardinal to assist you in determining the appropriateness of the selected itinerary. Our booking representatives are available to discuss any specific accommodations that disabled passengers might require and whether such requests can be reasonably arranged when and if possible.
